TERRE HAUTE IN 47803-5007**

15 December 2015

MEMORANDUM FOR All Personnel

FROM: 181 IW/CC

SUBJECT: Environmental Commitment Statement

1. The 181st Intelligence Wing is committed to conducting its mission in an environmentally responsible manner that will protect human health, natural resources, and the environment. The mission of the 181st Intelligence Wing is to train and maintain worldwide deployable forces to augment the U.S. Air Force in contingency and wartime operations, while being able to render assistance to the Governor of Indiana in the event of a domestic emergency. In doing so, we will comply with all environmental laws and regulations applicable to the conduct of our mission, including laws and regulations established by the Federal, State and local authorities, as well as Executive Orders and US Air Force Instructions. The 181st Intelligence Wing will strive for continual improvement in our environmental performance. This commitment goes beyond compliance with the law and encompasses the integration of sound environmental practices into our daily decisions and activities. We have in the past, and will continue in the future, to pursue a course of responsible environmental stewardship. In support of our environmental policy, we will:

a. Maintain an effective Environmental Management System (EMS), promote the use of safe technologies and operating practices, and remain ready to respond to emergencies in order to improve our environmental performance and minimize adverse impacts to the installation workers and the environment.

b. Working in partnership with all stakeholders, investigate and evaluate new and innovative technologies and practices as appropriate, establish and implement an effective pollution prevention program, minimize the generation of wastes, recycle materials otherwise destined to become waste when possible, and dispose of any remaining wastes in an environmentally responsible manner.

c. Ensure the responsible use of energy throughout the installation, including the adoption of innovative practices and procedures that will conserve energy and improve energy efficiency.

2. Compliance with this Environmental Commitment Statement is the responsibility of everyone supporting the 181st Intelligence Wing, including: military, state and civilian employees, tenants, contractors and vendors in accordance with his or her role and responsibilities in the organization. This environmental policy is made available to the public through public notices, such as postings on the Wing's public website. Any questions may be directed to the Environmental Office at (812) 877-5560.

A handwritten signature in black ink, appearing to read "L. KIP CLARK", is positioned above the typed name.
